Briefly describe the types of activities and organizations you participate in outside of school. Explain the role you have played or play in these activities/organizations and how you think they will assist you in being the Junior Board Member of Unity Credit Union.

What do you think is the role Unity Credit Union plays in our community and how that role benefits the members and the community?

What do you think Unity Credit Union could do to build relationships with the youth of our community?

If I am successful in being selected for this mentorship program, I understand I will be asked to attend and participate in all regular meetings of the Board of Directors of Unity Credit Union. As a Junior Board Member I understand that I may be asked to sit as a member of one or more committees of the board. I understand that I will have to do some independent personal learning as well. My attendance will be expected at all called committee and special meetings of the board.

As a member of the Board of Directors, confidentiality of any and all information shared with me, as a member of the board or of any committee, will be held in the strictest of confidence. If for any reason, either knowingly or unknowingly, I disclose or confirm any information regarding the business of the credit union, I will immediately tender my resignation as the Junior Board Member, to the President of Unity Credit Union. Along with the resignation will be the forfeiture of all funds placed into the scholarship program, on my behalf, by Unity Credit Union.

In the event the resignation occurs, for any other reason than stated above, prior to my graduation from high school and enrollment in a post secondary educational facility, the scholarship amount so earned, will be held in trust by the credit union, pending official notification of enrollment in post secondary studies.

It is understood that the scholarship must be used for post secondary studies. To receive these funds proof of enrollment must be provided. If for any reason I am not attending a post secondary educational facility, I may apply for payout of this scholarship by writing a letter to the Board of Directors identifying the use of these funds. The Board of Directors will then adjudicate on the appropriateness of the request using the spirit and intent of the program as a guide. The credit union will hold all funds in trust for a period of five (5) years following completion of secondary school. After this time the funds will revert to the credit union to be used at their discretion.

I acknowledge the above and my responsibilities as a Junior Board Member.
